- The maximum score can be 30 and the minimum score can be 0.
- At this section, up to 30 participants will be selected in the selection process.
- **The materials will be sent in zip format as it follows: name\_surname\_category\_country, on [wettransfer.com](http://wettransfer.com) or [airbridge.com](http://airbridge.com)**
  
- **Approach:**
  - The theme can be approached simplistically by following a life cycle of a plant, animal or human. Here the approach will be a scientific one regarding the phenomenon that occurs in the development of the chosen subject.
  - At the same time, you can choose topics such as hybrid plants, animal-animal impersonations, human abnormalities in the life cycle, and the new life cycle of the Saudi Arabian citizen's robot.
- **Points to view:**
  - Current state.
  - What does it mean to be alive? The plants have a life? What is the soul?
  - Human intervention on the chosen lifecycle, what it consists of and what effects it has.
  - Personal opinion.
- **Bonus points:**
  - Innovative and courageous approach, accompanied by pros and cons where there are dilemmas of ethics, morality.
  - The creative way of the presentation.
  
- **Presentation:**
  - Plagiarism on the internet is prohibited. The Internet can be used for documentation but the material needs to be made by you directly.
  - We also get powerpoint presentations, but we appreciate short films that tell us the story briefly, or you can present us with an experiment on the topic chosen.
  - Obligatory accompanies the submission of the researcher file.
  
- Download the researcher's file and the science brief you'll need from here (or you can copy - paste them from the above): <http://www.kleine-schule.ro/festival-international-2/>
